Enhancing access to learning opportunities and contributing to life long wellbeing
HIGH QUALITY LEARNING
Learning is personalised by a variety of criteria
Inquiry and curiosity are encouraged and questions as valued as answers
Creative ideas come from divergent sources and critical thinking
Behaviours, attitudes, values and skills for learning are actively praised, modelled and developed
The continued learning process is as valued as the outcome
Assessment is formative, authentic, transparent with actionable feedback
Classroom learning is strengthened and impacted through connected communities
Learning experiences are enriched by diverse intercultural perspectives
A variety of learning models are used
The pathway for success and growth is clear and diverse
